Firefly Sports Testing certifies that the sample(s) identified in this certificate have been tested in accordance with the method(s) and specification(s) listed herein. The submitted sample(s) were evaluated under the conditions stated in the associated test report. Testing conducted in accordance with EPA Method 1633 detected no PFAS compounds above the method's reporting limits. This certificate applies only to the specific sample(s) tested and the conditions at the time of testing.

Approved By

Jeff Gentile
Co-Founder & CFO

This certificate is based on the results and conditions documented in the associated test report issued by Firefly Sports Testing. Use of the Firefly Certification Mark is permitted only for the specific configuration tested and is subject to Firefly's Certification Mark Usage Policy. Where subcontracted testing was performed, the method and laboratory details are documented in the associated test report. Conditions for the validity and use of this certificate may be subject to additional requirements. For further details, please contact Firefly Sports Testing.
